

treeclimb

Australia's first inner-city aerial
adventure park built within
the natural environment of the
Adelaide City Park Lands.

Our courses allow thrill-seekers of all ages and abilities to safely swing, leap, climb and fly through the tree tops.

About the park

Located at the corner of Greenhill and Unley Roads, adjacent the recently upgraded BMX track, TreeClimb offers 7 elevated tree top courses, including zip lines all set within Kurrangga Park in the Adelaide City Park Lands setting.

Additional to the many adventure elements, an education trail has been integrated into the tree tops in association with the City of Adelaide and the Adelaide Park Lands Authority, giving all users a unique chance to learn about the history of Adelaide and the surrounding Parklands.
